# Higher power rates OK'd

**Total increase**  
of P1.04 /kWh  
to be reflected  
in June billings

**By Roger M.**

Power rates for the month of May will be increased by P1.04 per kilowatt-hour (kWh) starting from June 1, according to a decision by the National Energy Commission (NEC).

The rate increase is a result of the rise in the cost of fuel and other inputs, according to the NEC.

The commission said that the increase is necessary to ensure that power companies can cover their costs and maintain the quality of service.

The rate increase will be reflected in the June billings of all power companies in the country.

The NEC said that the increase is in line with the trend in other countries, where power rates have also risen.

ONE PERSON died and two others were missing after a small boat capsized off Calavite Point in Occidental Mindoro the other day due to rough seas.

Eleven others were rescued by passing vessels.

The fatality was identified as Buena Zapata, 42. Listed as missing were Rona Zapata, 10, and the boat's skipper, Andres dela Fuente.

A Philippine Coast Guard report said that the motorized banca San Apolinar left Looc, Occidental Mindoro at noon on Wednesday for Mamburao, Occidental Mindoro.

The boat carried eight passengers, six crew members, 30 sacks of salt and two sacks of dried squid.

Several hours later, big waves and strong currents battered the vessel causing it to capsize in the early morning of April 21.

A boat that was passing by plucked four passengers from the rough seas, while the M/Y Kenlis rescued seven others.

The survivors were brought to a hospital on Lubang island.

The PCG has dispatched search and rescue teams to the area to look for the missing passengers, said PCG spokesperson Lt. Armand Balilo.

## 'Kabayan' leaves for Vatican

VICE President Noli "Kabayan" de Castro left for the Vatican City last night to represent the Philippines in the inaugural Mass of Pope Benedict XVI on Sunday at the St. Peter's Basilica.

The Vice President left for Rome via a Lufthansa flight and is expected to be at the Vatican City at around noon on Saturday.

He is expected to be met by the Philippine Ambassador to Italy, Philippe Lhuiller, and the Ambassador to the Vatican, Leonida Vera. The two ambassadors will assist the Vice President during his stay at the Vatican City.

While at the Vatican, the Vice President, who is also the Presidential Adviser for Overseas Filipino Workers (OFWs), will hear Mass with the Filipino community. Italy is host to thousands of Filipino overseas workers.

The Vice President and other heads of delegations are expected to meet with Pope Benedict XVI after the inaugural Mass.

On Monday, De Castro will leave Italy for Santiago, Chile to represent the Philippines in an international gathering of housing leaders from April 26 to May 1.

The Vice President is also the concurrent chair of the Housing and Urban Development Coordinating Council.

He is expected to return to the country on May 3.

# No pay hike for gov't men

**BY MANILA BUREAU** Gov't higher wages only for members in the private sector bill, not for civil or military state workers.

Budget secretary Emilio Mananila said last Monday that the government will have no plans to take the salaries of government employees even after Malabon's endorsement of the wage hike petition of private workers at the national wage board.

Mananila said the board of the Department of Budget and Management was not in the wage hike but because the 2008 budget provides an allowance for additional salaries this year.

He said that the government will not raise wages for its employees next year. "We will not have any money for that," Mananila said.

Government workers are demanding an action for the board of 2008, which has the Department of Labor and Employment. They requested the board to

raise wages for all workers in the additional government employees in 2008 of the 2008 Labor Budget Act.

The bill says the government raised the pay of government workers in 2007.

## Second unit shines as SLR rips Ginebra

**By John Nolasco**  
 The second unit of the SLR team, led by coach Ramon Fernandez, delivered a dominant performance against the Ginebra team, securing a decisive victory in the first round of the PBA season.

The SLR team, known for its strong second unit, showcased its depth and versatility throughout the game. The team's defense was particularly effective, forcing the Ginebra team into numerous turnovers and missed shots. The SLR team's offense was also well-coordinated, with several key players contributing to the team's success.

The game was a tactical battle, with both teams displaying strong defensive strategies. However, the SLR team's ability to adapt to the Ginebra team's tactics proved to be the deciding factor. The SLR team's second unit, in particular, was instrumental in the team's victory, as they consistently outperformed the Ginebra team's second unit.

The SLR team's victory is a significant milestone in the team's season, as it marks the team's first win in the PBA season. The team's coach, Ramon Fernandez, praised the team's performance and expressed confidence in the team's ability to continue its winning streak.

## Businessmen hit corporate tax increase

Political  
Theory

The corporate tax increase is a political theory. It is a theory that the government can raise revenue by increasing the corporate tax rate. This theory is based on the assumption that the corporate tax rate is too low and that it can be increased without causing a significant loss of jobs or investment. However, this theory is flawed. The corporate tax rate is not too low. It is already one of the highest in the world. And, increasing it will cause a significant loss of jobs and investment. ## Love and death

Visual Subjects

The love and death of a nation. It is a story that has been told many times over. It is a story of a nation that has been torn apart by war and civil unrest. It is a story of a nation that has been destroyed by the hands of its own people. It is a story of a nation that has been reborn from the ashes of its former self. The love and death of a nation. ## 2nd unit shines . . .

The second unit of the BAP has been selected to represent the league in the upcoming PFL championship. The unit, which consists of the top players from the BAP, will be competing against the top players from the PFL in a series of games. The BAP has a strong record in the PFL, having won the championship in the past. The second unit is expected to be a strong contender for the title.

The PFL is a professional football league that was founded in 1999. It is the largest and most successful of the many professional football leagues in the United States. The PFL has a long history of success, having won the championship in the past. The PFL is expected to continue its success in the future.

Figure 1. Schematic diagram of the experimental setup. The subject is seated in a chair and views the target through a video camera. The target is a light source that is controlled by a computer. The subject's hand is positioned over the target. The distance between the hand and the target is 10 cm. The target is a light source that is controlled by a computer. The subject's hand is positioned over the target. The distance between the hand and the target is 10 cm.

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: the control group and the experimental group. The control group was divided into two subgroups: the control group and the experimental group. The experimental group was divided into two subgroups: the control group and the experimental group. The control group was divided into two subgroups: the control group and the experimental group. The experimental group was divided into two subgroups: the control group and the experimental group.

1. The first step is to identify the variables that are being measured. In this case, the variables are the number of people who attended the event and the number of people who did not attend.

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: the control group (CG) and the experimental group (EG). The CG was divided into two subgroups: the control group (CG) and the control group (CG). The EG was divided into two subgroups: the experimental group (EG) and the experimental group (EG). The subjects were divided into two groups: the control group (CG) and the experimental group (EG). The CG was divided into two subgroups: the control group (CG) and the control group (CG). The EG was divided into two subgroups: the experimental group (EG) and the experimental group (EG).

Figure 1 consists of two scatter plots. The left plot shows a positive correlation between the number of children (x-axis) and the number of mothers (y-axis). The right plot shows a negative correlation between the number of children (x-axis) and the number of mothers (y-axis).

Figure 1 is a schematic diagram of the experimental setup. It shows a subject seated at a table, looking at a video screen. A camera is positioned above the screen to record the subject's eye movements. A light source is positioned to the left of the screen. The diagram illustrates the spatial arrangement of the subject, the screen, the camera, and the light source during the experiment.

Harness the full potency of the moon by making a wish

By Rafael Padilla  
 (a good word for your life)

**W**hen you see a full moon, you know it's time to make a wish. It's a tradition that has been passed down for centuries, and it's one that's still going strong today. The full moon is a powerful symbol of completion, and it's a time when your wishes are most likely to come true. So, if you're looking for a way to manifest your dreams, the full moon is the perfect time to do it.

There are many different ways to make a wish under the full moon. Some people like to write their wishes on a piece of paper and burn it, while others prefer to say them out loud. Whatever you choose to do, the important thing is to be sincere and to believe in your wishes. The full moon is a magical time, and it's a time when the universe is most receptive to your wishes.

So, the next time you see a full moon, take a moment to pause and make a wish. It could be for anything you want, big or small. The full moon is a powerful force, and it's a time when your wishes are most likely to come true. So, make a wish, and watch it come true.

I don't look at you  
 And tell me what you see  
 You can't have the best of me yet  
 Let me know if you're happy to see  
 I got more to me  
 And you can see it too  
 I can make the world in my hands  
 And you know who I am  
 Remember my name  
 I'm gonna live forever  
 I'm gonna have love to fly  
 High  
 I feel it coming together  
 People will see me and cry  
 I'm gonna make it to heaven  
 Light up the sky like a flame  
 I'm gonna live forever  
 Early remember my name  
 Early love me tight  
 Love you now make it right  
 You can shoot me straight in the leg  
 Give me love and take all I've got to give  
 When I'm in love  
 You want to get enough  
 I'll give you heart of a break  
 And I got what it takes  
 I'm gonna live forever  
 I'm gonna have love to fly  
 High  
 I feel it coming together  
 People will see me and cry  
 I'm gonna make it to heaven
